940-DCP Digital Control Panel

The 940-DCP features six programmable function switches, integrated siren controls and four progressive mode switches allowing Jump To Mode™ activation as well as a traffic direction switch for use with TOMAR LED or NEOBE® lightbars equipped with the traffic direction option. The 940-DCP is backlit with LED indicators for easy identification and features a spill resistant housing. Connections are made via a simple RJ45 connection to the lightbar or 940 Siren Amp. All switches are a durable magnetic touch pad rated for 10 million operations.

940-SIREN Control Panel and Siren Amplifier

The 940-SIREN combines the 940-DCP Digital Control Panel and the 940-AMP Siren Amplifier into a single unit for simplified installation.

DIGITAL CONTROL PANEL AND SIREN AMPLIFIER

940-AMP Siren Amplifier

installed view

The 940-AMP features 200 watt maximum load with one or two drivers, auxiliary connections for Horn Ring, Horn Relay, Air Horn, Park Kill and Alarm, seven selectable siren tones and a simple RJ45 connection to lightbar or 940-DCP.

Ordering Information

Model No.	Description
