

REAR DECK ARROW BARS

Halogen, Strobe and LED Traffic Director Bars

The TOMAR UC-H12ARROW is a twelve element halogen arrow bar. The TOMAR UC-H8ARROW is an eight element halogen arrow bar with a full 3" x 7" strobe on either end. The TOMAR UC-TDN and UC-TDN-7 are all strobe traffic directors with five and seven strobes respectively. The power supply is mounted remotely. The all strobe traffic directional bars are capable of right arrow, left arrow, center out, and sweep. The TDN bars have all the intensity of a full size traditional halogens arrow board without the high amp draw or bulky size. All housings are made out of black powder coated 20 gauge steel.
